THE GAME

Big Bang Poker is a new and exciting Jackpot side bet available on selected Poker tables throughout Tsogo Sun Casinos.

HOW TO PLAY

Before the hand is dealt, you have the option of placing a Big Bang bet in addition to your initial Raise 'Em Poker Ante bet.

Big Bang Poker progressive wagers must be placed on the betting area adjacent to the Poker betting areas, indicated by a flashing pad, before the initial deal commences.

PAYOUTS

The Big Bang Poker bet gives you the chance of winning one of three different progressive jackpots.

The Big Bang Mystery Jackpot is randomly awarded to any player who has placed a valid Big Bang jackpot bet.

The Big Bang Mystery Jackpot is linked across other Big Bang tables as displayed on each table.

Four of a Kind - or better - if your hand is four of a kind, a Straight Flush, or a Royal Flush, you win the second progressive Jackpot.

Full House - If you are dealt a Full House, you win the third progressive Jackpot.

The second and third level progressives are linked to Raise 'Em Poker tables only.

The minimum and maximum values of the Mystery Jackpot is displayed at the table.

The initial wager is not returned when winning payouts are made.

Your wager loses if any other combinations are dealt.
